

New Building and
Loan Series

The thirtieth series of the Narberth Building and Loan Association will be opened Thursday evening, September 2nd, at the Fire House, from 7 till 9.

Blotters are again being distributed to all the residents of Narberth calling attention to the new series, and as the series opened last March was the largest one we have ever had, it is hoped that the old stockholders will increase their holdings and that those residents of the borough and their friends who are not now stockholders will become so at the September meeting.

Each share taken means a payment of one dollar each month until the amount paid in by the shareholder, together with the earnings equals \$200 a share, and the stock matures in 137 months.

The Narberth Building and Loan Association has assets of over \$400,000, of which amount \$360,000 has been loaned on first and second mortgages upon properties approved by a committee of the Board, the company's solicitor, Hon. F. W. Stites, and granted by unanimous consent of the Board of Directors. The properties upon which the money is loaned are all high grade and have been valued very conservatively so that with the present increase in values in real estate there is a much larger margin between the properties and the amount of the mortgage than when the loans were granted.

Owing to the great demand for houses and the large number of homes that have been purchased within the last year, the Building and Loan Association in this vicinity have loaned about all their available funds and attention is called to the fact that payments can be made at any meeting on the principal of a mortgage so that the interest will be reduced and additional funds paid into the Association, which can be released greatly to the advantage of the community.

The Narberth Building and Loan Association congratulates the American Legion on the establishment of the American Legion Building and Loan Association, which opens its initial series the week following the opening of the thirtieth series of the Narberth Building and Loan Association, and the Board of Directors of the Narberth Building and Loan Association takes this means of congratulating the new officers of the American Legion Building and Loan Association, and wishes them all success in their new venture.

Medals Awarded for
Spring Flower Show

At the Spring Flower Show of the Narberth Civic Association three medals were offered by the Pennsylvania Horticultural Society. The winners are given below:

Silver Medal—First prize for the best collection of roses, judged for quality and varieties, awarded to Mrs. William J. Jones.

Bronze Medal—Second prize for the best collection of roses, judged for quality and varieties, awarded to Miss Miriam E. Ward.

Bronze Medal—First prize for the best exhibit of mixed peonies, awarded to Mr. Joseph F. Simpson.

The medals will be shown in the window of the Ivy Shop until Monday, 16th.

Three medals have also been offered by the Horticultural Society for the Dahlia Show, September 25th, and residents of Narberth can be assured that they are well worth trying for.

WANTED—Two or three unfurnished rooms and bath, housekeeping. D, Box 952, Narberth. (43-p)

Rev. Cowley
to Go Abroad

Rev. R. F. Cowley, pastor of St. Margaret's Church, sails this week for Europe with the Knights of Columbus and will be present at the unveiling of the Bartlett statue of Lafayette which the order is presenting to the French Republic.

The statue will be unveiled in Metz on August 21st by Marshal Foch, and President Deschanel will accept it in behalf of France. Previous to the unveiling the Knights of Columbus will be the guests of the French Government on a tour of the French battlefields, where the overseas workers earned lasting fame for the organization. From Metz the party will visit Nancy and Strassburg with its beautiful Cathedral and proceed thence to Lucerne, Switzerland. The next stopping off places will be Milan and Rome. In the Eternal City September 1st, will be American Day at the Vatican by order of Pope Benedict XV. On that day the Knights will be the guests of the head of the Catholic Church and the Vatican and its gardens will be closed to all other visitors.

After Rome another feature of the trip will be an official reception for the Knights in Genoa, the birthplace of Christopher Columbus. Although the order has been established 38 years, this will be the first official visit to the home of its patron. From Genoa the party will go to Nice and Lourdes and wind up again at Paris for a brief stay before the return home.

August Council Meeting

The usual monthly meeting of the Borough Council was held in the Fire House last Monday evening. A quorum being present, the members got down to business with their customary efficiency, ably directed by the President.

The Borough Treasurer and Tax Collector made the required reports. Any one interested in figures and results can easily be satisfied by communicating with Mr. Noel, Borough Clerk.

The garbage collector, Mr. Frazier, was present to make explanation as to several complaints received by the committee, based upon the seeming negligence of the collector. It appeared that failure to make collections was due to the negligence of a substitute employed by Mr. Frazier and occurred during the period when Mr. Frazier was not on the job personally. His arrangement for collections seems sufficiently effective, and he has promised hereafter to give the matter his personal supervision. Mr. Frazier has requested the practical co-operation of householders. That means they shall see to it he and his son are not required to lose time searching for garbage containers, which should always be placed in a conspicuous place and easy of access and always in the same place on the premises. Furthermore, it is recommended that the use of peach baskets and other insufficient containers be abandoned and replaced by boxes or metal cans properly fastened. A proper regard for the

REASONS FOR JOINING LEGION.

What has the American Legion done?

In response to that question from former service men and others, Commander Davis has prepared this answer, which is being sent by William G. Murdoch, State Adjutant, to the 550 Posts in the State:

First. The Legion has obtained from Congress increase of base pay to disabled men from \$30 to \$80 per month.

Second. The Legion through its service division at national headquarters and war risk officers in every State, has co-operated with the War Risk Insurance Bureau, thereby adjusting thousands of claims for compensation for dependents of men who have died, and disabled men.

Third. The Legion first disclosed the failure of the Federal Board of Vocational Education to do its duty toward disabled men. It brought about Congressional investigation of the Board and subsequent reforms. Through the national vocational officer at headquarters and State vocational officers it has devised a plan of co-operation with the Board which should speedily solve the vocational rehabilitation problem.

Fourth. The Legion helped to obtain preference for ex-service persons and their widows in civil service appointments. Special preference for disabled men.

Fifth. The Legion drafted and put before Congress the four-fold optional compensation bill.

Sixth. By co-operation with Federal, State and local employment services, obtained work for thousands of ex-service men just out of uniform.

Seventh. The Legion on May 30th decorated the graves of every comrade who sleeps on the fields of the A. E. F.

Eighth. The Legion publishes a live, alert, interesting magazine. The weekly goes to Legion members and the public, through news-stands. No additional charge is made to members for the weekly.

Ninth. The American Legion is the most powerful force for 100 per cent. Americanism in existence today. It has met crises without flinching always on the side of law and order. In numerous instances of disorders and disaster, such as fire or flood, it has always stood with the constituted authorities for law and order.

Tenth. The Legion is not opposed to union labor. Samuel Gompers says there is no reason why a union man should not join the Legion, as tens of thousands have.

Eleventh. The Legion does not attempt to interfere with the rights of citizens.

Twelfth. The Legion has never asked whether a man or group of ex-service men who need help were actually Legion members. In fact, most of the disabled and needy it has aided were not Legion members at the time the Legion aided them. The Legion fights for all ex-service men and all real Americans.

Thirteenth. The Legion will put you in touch with men you want to be united with. It will give you a place in patriotic community interests. All Legion Posts have certain social advantages.

RIGHT TO WEAR EMBLEM.

National headquarters has been requested to rule as to when the right to wear the American Legion emblem ceases for non-payment of current

SILVER CUP FOR DAHLIA SHOW.

Strawbridge & Clothier have offered a perpetual trophy in the form of a silver cup to the Civic Association as a prize for their Annual Dahlia Show, the cup to be held for one year by the winner. The Dahlia Show Committee has placed the cup as a first prize in Class 22 for the "Best Collection of Dahlias, fifteen varieties, one bloom each in not less than four classes."

Many thanks to Strawbridge & Clothier for their generous and encouraging offer, which has been gratefully accepted.

BOY SCOUTS CAMP.

On Saturday, the 7th, about twenty members of the Narberth Troop, Boy Scouts of America, embarked for their annual outing at Camp Delmont, the summer camp of Montgomery and Delaware County Scouts. Mr. J. J. Carey furnished the truck to take the boys to camp and bring them back today, and needless to say his kindness and interest is appreciated.

Camp Delmont is in the Perkiomen Valley near Green Lane. A branch of the Perkiomen Creek makes the swim-

ming pool and other sports necessary to a boys' summer camp. The boys are under the direction of their able Scoutmaster, Fred C. Patten, who also managed the Minstrel Show whereby the Scouts earned the money to pay their camp expenses.

Welcome home, boys.

To the Editor of Our Town:

A number of boys in Narberth have been coasting down the hill on Haverford avenue, from Hampton avenue across Narberth avenue to Essex avenue. While this is a very fine hill, and while we are very proud of the excellent new pavement which our retiring Street Commissioner has left as a monument to his work for the borough, nevertheless, I feel that a timely warning should be issued to these boys against this dangerous practice of coasting on the borough streets.

The crossing at Narberth avenue is, at best, a dangerous one, even for automobiles. While everyone must realize that the boys are having a great deal of fun in their coasting on Haverford avenue, I feel that it would be better for them to forego this pleasure in view of the dangerous conditions which exist. It is far better to stop the practice before someone is seriously injured than to regret it afterwards.

Yours very truly,
CARROLL DOWNES,
Chief Burgess.

NARBERTH'S UNPAVED STREETS.

At the July meeting of Borough Council Mr. Case and Mr. Peterson, both of Conway avenue between Stuart and Price avenues, addressed Council, requesting information as to when that part of Conway avenue would be paved. President Hall advised them that no improvement could be made by the borough, as the street was private property and had not been dedicated to the borough.

For the information of owners of property on unpaved streets and others interested in the matter, we are printing below sections of the General Borough Act, commonly referred to as the "Borough Code," bearing on this subject.

Our present Council has followed the policy adopted by the last Council of not accepting for dedication unimproved streets. The borough cannot pave or otherwise improve streets that are not dedicated, so that the same condition applies to any street that was not dedicated to the borough before the present policy was adopted. As a matter of record, there are no dedicated streets in the borough at present that have not been paved.

At the same meeting a proffer was made to Council to accept for dedication Woodbine avenue from Forrest to Essex avenue and Forrest avenue from Woodbine to the improved portion north of Windsor avenue. The proffer was rejected because the streets were not paved.

General Borough Act.

Chapter 6, Article 7, Section 4, Par. 241:

Upon the petition of the majority of property owners, in interest and in number, abutting on the line of any proposed improvement, to be verified by the affidavit of at least one of the petitioners, a majority in interest of owners of undivided interests in any piece of property to be treated as one person, a borough may grade, curb, pave, or macadamize, or otherwise improve, any street, or alley, or part thereof, or which may be in whole or in part boundaries thereof, and provide for the necessary drainage thereof and may also provide for the improvement of any street, road, lane, or alley, and any sections or parts thereof in length in the space between the curb, gutter, or actual carriage-way line and the property line, either by an original work or improvement thereon, or by a change, repair, renewal, or alteration in the said highway, curb, parking space, or shade trees, or by changing, altering, renewing, replanting, pruning, or otherwise improving the same in any or all of said particulars.

Chapter 6, Article 7, Section 9, Par. 246:

A borough may, without petition, or upon petition verified by affidavit of at least one of the petitioners, grade, curb, gutter, pave, macadamize, or otherwise improve streets, lanes, and alleys, or parts thereof, and collect from the owners of real estate abutting on the improvement by an equal assessment on the foot front, the whole cost, or part thereof, including the expenses for the necessary drainage thereof, as follows; that is to say:

1. If the petition be for grading, curbing, paving or macadamizing, and is signed by petitioners representing two-thirds in the number of feet of property abutting on the proposed improvement, and the real estate on both sides of the street is assessable, then two-thirds of the cost may be collected.

2. If the petition be for grading, curbing, paving, or macadamizing, and is signed by petitioners representing two-thirds in the number of feet of property abutting on the proposed improvement, and the real estate on one side only is assessable, then one-half of the cost may be collected.

3. If the petition be for grading, curbing, paving or macadamizing, and is signed by petitioners representing four-fifths in the number of feet of property abutting on the proposed improvement, then the whole cost may be collected. The whole cost of such improvements shall not be assessed unless the petition shall contain a statement to the effect that the whole cost may be collected.

4. If the petition be for grading only, and is signed by a majority in number and interest of the owners of property abutting the line of the proposed improvement, a majority of the owners of undivided interest in any one piece of property to be deemed as one person, then the whole cost, or any part thereof, may be collected; and the Council, in making the assessment, may provide for an equitable reduction, not exceeding one-third from the frontage of all lots at street or other intersections where, for any equitable cause, an assessment for the full frontage would be unjust.

5. If any street is graded, curbed, paved, or macadamized without a petition as provided in this section, then two-thirds of the cost may be collected.

Harrisburg, Pa., August 1.—Free shade trees for planting along the streets have been offered to every municipality in the State by Gifford Pinchot, the State's Chief Forester. He urged the city authorities to accept the assistance of experts of the Pennsylvania Department of Forestry in the selection of new trees and in the care of the trees they now have. Forester Pinchot also advocated the organization of shade tree commissions. His letter to Clerks of Councils all over the State follows:

"The Pennsylvania Department of Forestry is anxious to help you make your town an even more pleasant place in which to live. The value of systematic planting and proper care of shade trees along streets to this end is very great. To get the best results from your trees responsibility for this work should be definitely fixed.

"A live Shade Tree Commission has greatly benefitted many cities and boroughs. If you have not already done so, provisions of the Act of May 31, 1907, P. L. 349, might well be accepted by your Council and such a Commission might be named.

"The Department of Forestry will be glad to co-operate with the Shade Tree Commission of your borough by recommending the proper species, time, and places for planting, correct methods for pruning, treatment for fungi and insect attacks, etc., as well as furnish trees, free of charge, for municipal and educational planting.

"If you think well of the above I would appreciate it very much if you would bring it to the attention of your Council, and at your convenience let me know the results. This department wants to be of use."

State Fairs

Seventy agricultural exhibitions and fairs will be held in Pennsylvania this year, according to an announcement made by the State Department of Agriculture. Last year there were sixty-six exhibitions, with a total attendance of 1,550,541 and 1,254,132 paid admissions, and aggregating \$322,257.50. Total premiums paid were \$147,114.27, and the aggregate expenses were \$573,677.52. The State had appropriated \$52,833.99 toward the premiums.

Knights of Columbus Ask for Charter

Friday evening, July 23, about 50 members of the Knights of Columbus of the Main Line, who are members of various councils of Philadelphia and vicinity, and with a representative of the order, met in St. Colman's parish hall to consider forming a council in this locality.

Representatives from different towns along the Main Line were present and expressed themselves as enthusiastic over the project.

It was unanimously voted by those present to make application, through the representative of the Knights of Columbus present, for a charter for this council.

THE FIRESIDE

(Continued from Page 1.)

Mr. Gerald M. Tamblin is spending a few weeks in Wilkes-Barre, Pa.

Baseball at Wayne today. Narberth vs. Wayne.

Miss Mary Gara and Miss Helen Gara, of 404 South Narberth avenue, are spending a week in Boston.

Mr. John N. G. Long, formerly one of Philadelphia's well-known druggists, is now assisting at Howard's.

Mr. and Mrs. Charles Kreamer and their son, Carl, have returned to their home on Essex avenue from a tour of the Middle West.

Mr. and Mrs. Harry Messer and fam-

ily, of Essex avenue, have returned from a sojourn at Atlantic City.

Mr. and Mrs. J. L. Taylor, of Essex avenue, are spending the month in Maine.

Mr. and Mrs. Ira Gleason have returned to their home in Buffalo after visiting their daughter, Mrs. Walter A. Fox, of Narbrook Park.

Miss Martha Jennison, the guest of Mr. and Mrs. Robert Dothard, of Wynnewood avenue, has returned to her home in Dover, Maine.

Robert J. Nash and family, of Grayling avenue, have returned from a month's stay at Ship Bottom, along the Jersey coast.

Mrs. Robert E. Pattison and the Junior Pattisons have been sojourning at Pleasantville, N. J., the past two weeks.

Mrs. Robert Dothard and children are occupying the Livingston Cottage at Stone Harbor for the month of August.

Miss Jeannette E. Gillis, of Dudley avenue, left on Saturday last for a two weeks' vacation to be spent at the Delaware Water Gap.

Miss Emma D. Matthias, of Maple Crest, Bryn Mawr, has purchased the house of Mr. Wm. T. Melehoir and will reside there.

Norman Branson Brown, 18, of the First Regiment Marines, who died in Coblenz, Germany, March 2nd, was buried with military honors Monday in Ardmore.

Mrs. J. E. Wetzel and daughter and Miss Mary A. Crawford, of 305 South Narberth avenue, are spending the month of August in Atlantic City.

On Saturday, the 7th of August, Mrs. T. Noel Butler gave a surprise shower at her home in honor of Mrs. Mary Dull, whose engagement has been announced to Mr. Frederick Taylor, of Philadelphia.

Mr. James P. Donnelly will soon return to Narberth with his family from Ocean City. They will occupy an apartment in the new Smedley apartment house.

Mrs. M. G. Henion and Miss Susie Henion, of Ann Arbor, Michigan, are spending the summer with their daughter and sister, Mrs. Gertrude Henderson, of 331 Dudley avenue.

A collision between two automobiles at the corner of Bryn Mawr and Lancaster avenues, Ardmore, on Saturday forenoon, resulted fatally to Mrs. Hannah Jefferis, 70 years of age, of West Chester.

Active members of the Fire Company are happy. At the August 10th meeting Councils voted to purchase and erect an electric siren to call out the firemen. The loud and distinct sound will be easily heard by everyone within a mile. The siren has been an ambition of the firemen for several years, and they promise to be on the job in two shakes when it sounds.

Mr. Wm. G. Torchiana, of Iona avenue, Narberth, was a guest of Mr. Albert Baltz, the well-known brewer, on a fishing trip at Atlantic City last Wednesday. Mr. Baltz and Mr. Torchiana are planning a trip to Havana on Mr. Baltz's yacht, Lillian M.

There was a meeting of the Housing Committee of the Main Line Citizens' Association at the Milestone, 845 Lancaster avenue, Bryn Mawr, on Wednesday, August 4th, at 5.15 P. M. The chairman of the committee was Miss Mary K. Gibson, of Wynnewood.

August Council Meeting

(Continued from Page 1.)

collector's difficulties will produce results satisfactory to all parties.

The Committee on Police reported a sincere and continuous effort is being made to secure an officer who will measure up to the requirements. An early and favorable decision may be expected. Measures have been taken to secure through the Committee on Fire an electric siren whistle for the Fire House. This no doubt will be a move in the right direction. We owe so much to the twenty-five active fellows who are so alert to protect lives and property, that anything in reason they need to supplement their efforts should be cheerfully awarded.

To the sincere regret of his colleagues and surely to the community in general, Mr. Maddox presented his resignation as a member of Council. Mr. Maddox proposes taking up a residence in Devon in the very near future. His individual experience as a citizen and business man is reflected in the good administrative results of the Council as a whole. His enforced absence will be a material loss.

The matter of a successor for Mr. Maddox's unexpired term will be given consideration at the next monthly meeting, Monday evening, the 13th of September.

The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow townsman, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 1 line; 5 cents for each additional line.

SAVE AND INVEST

Narberth American Legion Building and Loan Association will open their first series in September.

Watch for further announcements.

Narberth Garden Club

How does it sound?
In a suburban town of thirty-seven hundred people and a thousand homes there should be a number of people interested in the planting and growing of trees, shrubs, flowers and vegetables, also in town planting and the care of birds. By being organized they can make a more beautiful town and derive pleasant and profitable benefits for themselves.

Below is reprinted a clipping from August House and Garden:

"The Garden Club of Ridgewood, N. J., formed in 1914, with eight members, by Mr. Robert L. Roe, afterwards President for four years, has now 300 members, all men, commuters, in a town of 8,000 population. This Club is said to be the largest of its kind in the United States, perhaps in the world. Evening meetings, which were held first in private houses, are now held in a public hall. Co-operative buying of seeds and other garden supplies was found to be so satisfactory that it has been extended to necessities for household use.

Shows are held in June and September, including vegetables, fruit, flowers and classes of artistic arrangement. General standards of gardening have been improved and advice on gardening published in the local papers.

The real estate men declare the club is the most valuable asset the town possesses.

Each of a number of members grows over a hundred varieties of dahlias, and one has 250 varieties.

Hohokus, adjoining Ridgewood, has also a garden club of men, recently founded. The program for 1920 is confined to definite flower and shrub topics, beautifying Hohokus, arrangement of cut flowers, a garden night, field day, and a social night."

The Narberth Civic Association has for the past several years held our flower shows, and a garden club might readily be formed among its members. As a suggestion:

THE NARBERTH GARDEN CLUB

Organized August 19th, 1920.

1. To acquire and disseminate among its members information relating to flowers, shrubs, trees, vegetables, and gardening in general.

2. To study and encourage town planning and the planting of gardens, parks and thoroughfares.

3. To protect and to prevent the destruction of desirable trees in public places.

4. To provide homes for and encourage the protection of desirable birds and to study bird needs and habits.

5. To co-operate with Federal, State and local authorities in the planting and maintenance of trees, flowers and shrubs in public places.

6. To encourage, assist and protect the planting of home gardens.

7. To promote and encourage flowers and vegetable shows and exhibitions.

8. To acquire and publish for the benefit of the community information such as will help make our town a healthier and more beautiful place in which to live.

THAT'S HOW.

"How did Chollie come to fall from his airplane?"

"Lost his head. He was stuck on a girl in Springfield, and she invited him to drop off there."

CHRONIC INSOMNIA.

"A woman," observed Mr. Henry Peck, "is never so sleepy at night as when she hears Friend Husband fumbling at the front-door keyhole, and never so wide awake as when he is trying to tiptoe up the stairs."

Hospital for Sick Babies

20 FROM POOR FAMILIES OF CITY
AIDED BY NURSES AT LLAN-
ERCH—SEVERAL SERIOUS
CASES ARE BEING
TREATED.

Twenty sick babies from some of the poorest families in the congested sections of the city are receiving the best possible attention in the Babies' Hospital of Philadelphia at Llanerch.

They are lying in little white beds in the take-down houses that are open on all sides to get the most fresh air possible, yet carefully screened. The nurse in charge of the hospital explained the weight and quantity of their clothing was changed several times a day to insure they were cool during the hottest periods, not chilled when winds come up with quick summer showers and warm enough at night.

These open-air hospital rooms accommodate fifty babies. There is considerably less sickness among small babies this summer than usual, due to the cooler weather, asserted the nurse. She declared this was the reason many of the beds were unoccupied.

The mere getting out of the crowded and dirty city is a big step toward saving the lives of these small babies during the summer. Added to the nearly ideal temperature is the best care that doctors and trained nurses can give. A nurse is provided for every three babies.

In the present family at the hospital are two sets of twins, neither set quite a year old. They are recuperating nicely. One little boy has been so ill that at 17 months he weighs only eight pounds. His hands look like bunches of small slate pencils, and his legs are thin bones with yellowish-blue skin stretched over them. While other babies were crying to be fed he lay quietly and patiently as a grown person, following the nurse's movement with his eyes.

Among the convalescents is Morton, a negro baby, about two years old. His hair is about two inches long and kinks into a perfect halo around his face. He smiles at anyone who stops by his bed as though he thinks the whole world is a joke.

Another wee pickaninny seems to be fighting a losing game. He was in quite a desperate condition when he was brought to the hospital, and nurses feel doubtful about his recovery.

During the summer this hospital takes all sick babies under three years of age that cannot be cared for properly in their homes. They remain until they are well, whether it is a matter of days or weeks.

When a baby is once brought there the family is kept in touch with until the child is six years old. It often happens that two or three children in the same family have been nursed through serious illness and later refreshed by spending a few days or more at the Beach Haven fresh air home, which is maintained by this organization.

At No. 334 South Ninth street, Philadelphia, a free dispensary is conducted. And besides this, six nurses are kept to caution, advise and work with the mothers whose babies are not well. It is through these nurses that many cases came to the hospital at Llanerch.

ANCIENT HISTORY.

He was the only one of all the wedding guests who did not appear in a happy frame of mind. He only adorned the wall and looked lugubrious.

"What's the matter?" cried out an exuberant young man. "Haven't you kissed the bride yet?"

"Not lately," he said with a gulp.

About Dahlias

About August 15th, the experts say, is the time to fertilize dahlias. You can choose between sheep manure, cow manure or potato fertilizer or liquid sheep or cow manure.

Dig a circular trench, in a fifteen-inch circle around the main stalk not more than two inches deep, sprinkle in the trench about four ounces of fertilizer and cover lightly with soil. If liquid manure is used it will not be necessary to cover over, as the rain or watering will wash the fertilizer down to the roots. Repeat this treatment every three or four days or about twice a week until September 15th, and the size, quality and number of flowers will more than repay you for the effort.

Dishd! Why have three small flowers with short stems which are useless for cutting, when you can have one fine large flower with a long strong stem by simply pinching out or breaking off the two side buds?

DAHLIA SHOW COMMITTEE.

SURE TO MISS.

The scion of the family had acted so badly that punishment of some sort was necessary.

"Ernest," commanded his mother, "find a switch and bring it to me."

Shortly afterward the bright young man returned.

"I couldn't find a switch, mamma," he reported, "but here's a stone that you can throw at me."

AMERICAN LEGION

(Continued from Page 1.)

dues. It has ruled that no person has the right to wear the American Legion emblem if his or her dues for the fiscal year have not been paid by August 1, 1920.

WAR RISK INSURANCE NOTES.

There have been made available approximately 14,000 hospital beds in Army and Navy hospitals and in National Homes for Disabled Volunteer Soldiers, in addition to approximately 15,000 beds in Public Health Service Hospitals. Many of these are ready for immediate service.

At the present time, there are 17,981 disabled ex-service men and women (War Risk patients) being cared for in more than one thousand hospitals scattered throughout the United States. Of this number, 8,123 are in hospitals owned or operated by the Government and 9,858 are in private hospitals, including State and county sanatoriums.

The Public Health Service, the War and Navy Departments, the National Homes for Disabled Volunteer Soldiers and the Bureau of War Risk Insurance are co-operating to the fullest extent in their united effort to extend and improve the Government's service for the examination, care, treatment and hospitalization of all those ex-service men and women who have suffered either injury or disease by reason of their military or naval service during the recent World War, and who are beneficiaries under the War Risk Insurance Act.

THE LAST TRUMP.

A colored doughboy who had hit Paris on AWOL and supplied himself generously with the vin sisters, mingled with stronger waters, woke suddenly in a still befuddled condition in the great urban cemetery of Pere la Chaise, whither his uncertain steps had taken him. To make it worse, there was an air raid going on.

The brother looked around him out of half-closed eyes. On every side stretched long rows of white monuments. Sirens shrilled from the city streets. Dazzling beams of white light stabbed the heavens. There could be but one conclusion.

Hastily searching his pockets, he drew forth his remaining possessions—a bottle of vin blanc, a pack of greasy cards, a much-worn pair of ivories—and hurried them from him.

"Git gone away f'um me, evidence," he muttered. "Now, come on, Mistuh Gabriel, I'se ready."—The American Legion Weekly.

The Narberth American Legion Building and Loan Association will open their first series on Tuesday, September 7th. The meetings of the Association will be held in the "Log Cabin," corner of Narberth and Haverford avenues. The following officers have been elected: Dr. Clarence T. Faries, President; George O. Smith, Vice-President; Harry A. Simpson, Secretary; Horace T. Smedley, Treasurer, and Walter M. Burkhardt, Esq., Solicitor. Watch for the list of directors to be published in an early issue.
